LEADERSHIP,ORGANISATIONAL,SOFT & TECHNICAL SKILLS

In my current role, I manage a team of 3/5 architects and designers, adjusting based on project scope. I do have good interpersonal skills and the ability to work well in a team, internally and externally. Collaboration and teamwork are in my dna,I love to co create and co design.

More about me: Flexible and open attitude towards new ways of working and committed to independent, lifelong learning. Comfortable managing design packages of each work stage, from the preliminary project to the construction documents and on-going co-ordination with Clients and Consultants alike (Structure, MEP, Lighting, Landscaping).

I do formulate design decisions and present for discussion, ready to work well under pressure and to meet deadlines efficiently.

Able to use a variety of media in the development and documentation of a design project.
